The headlines rumble about oig steel and big labor and big government's problem of dealing with wage and profit guidelines and civil rights and crime rate etc., etc., etc.

We wonder sometime if bigness and quanity are the real prize. We wonder if we know enough yet of the microcosm to deal with the macrocosm.

We wonder if insight, by individual, couldn't reduce the necessity of bigness to more manageable size before, like the dinosaur, it collapses of its own weight. U.S. efforts in that difficult Theatre.

It seems to be a dramatic change in a world of, pardon the expression, change.

It is interesting the extent of change liberal and conservative have contributed to each other's position of late.

Particularly over the Vietnam War, the vocal liberal has opposed and drawn toward isolationism. The conservative, once considered isolationist, particularly prior to World War II, generally supports

Court To View Proposed Budget

Milam County Commissioners Court will meet Tuesday, August 16, at 9 a.m. to consider the County budget for 1967.

County Judge O. B. Harden said estimated revenues for 1967 are $658,486.71, this figure based on estimated serviceable valuation of $31,000.50.

The new budget is based on the same 95 cents per $100 valuation used in previous years.

The largest item is the General Fund with expected receipts of $136,660.00 and disbursements of $133,778.02 (including an estimated transfer to Officers Salary Fund of $18,000.00).

The Jury Fund has budget receipts estimated at $5,700.00 with estimated disbursements of $8,370.95.

The Courthouse and Jail Fund has receipts of $13,470.00 with estimated disbursements of $8,500.00. This includes projected amounts of $5,000 for courthouse and jail improvements, $1,000 for painting the courthouse interior and $2,000 for courthouse furniture, and $500 for air conditioning.

Officers Salary Fund, which has no tax fund but gets its receipts from fees, state funds and the General Fund, has estimated receipts of $106,910.00. Estimated disbursements are $110,625.92.

The General Road and Bridge Fund, which uses an estimated 27 cents per $100 valuation, has receipts expected to total $114,418.31. Disbursements total $101,990.31.

Cameron Hosts 1st Softball Tournament For Cen-Tex Teams

The first Cameron Invitational Softball Tournament got underway Wednesday night at Little League Field with eight teams from the Cen-Tex area entered.

Bruce Crook, organizer of the tournament and a manager of the Cameron Jaycee team, said teams from Hearne, Calvert, Rosebud, Rogers, Bryan (2) and Cameron (2) would play in the double elimination tournament.

Games are scheduled at Little League Field at 7 and 8:30 p.m. each night except Sunday. Finals will be played Wednesday night.

Crook said trophies would be presented to the first place team and runner up team. Trophies will also be awarded to the all tournament team.

'Routine Housekeeping'....

CISD Schools Readied

"Routine housekeeping" is well underway at Cameron Schools this week as the opening day of school nears.

Supt. D. R. Dodson told The Herald that the floors of about 20 classrooms in Ada Henderson and Yoe High School buidlings have been sanded and practically all the classrooms in both buildings have been repainted this summer.

The Work Study Program whereby youngsters have been employed through the summer with federal funds has "put our maintenance program about four years ahead of where it would have been," Dodson said.

SUMMER WORK

About 20 teenage boys, 16 or older have worked through most of the summer on projects throughout the Cameron system.

The Yoe Gymnasium has been redecorated, Dodson noted. The gym floor was resanded last year.

Yoe Field facilities have been cleaned and improved for the coming football year, he said.

Dodson and Dr. Herman Brown, CISD Title I administrator, demonstrated various visual and audio equipment being used throughout the Cameron system before Cameron Rotarians Wednesday.

Dr. Brown, who joins the Ag Education faculty of Texas A&M University September 1, explained the uses of tape recorders, viewers and special reading machines for Rotarians.

ADDITIONAL EQUIPMENT

Additional equipment of this type has been added this year to supplement the first Title I program of about $140,000 in equipment and additional teachers and aides last October.

New windows are being installed in all but the third floor frontage of Yoe High School. The same modern aluminum - frame windows are being installed that went into the Ada Henderson building last year. It is part of a three-year program, this year's part being about $6,000 from general school operating funds.

Dodson said a third phase of new window installation will continue next year.

CIF FUND NEARS $61,000 AS WORK STARTS ON 'TEAM'

The Cameron Industrial Foundation is moving out of one phase of its drive into another as the fund total reaches $60,990.

CIF president N. L. Caperton said this week that contacts with the business community nears completion while contacts are beginning among individuals.

Minimum membership in the CIF fund is $100.

Caperton presented an outline of duties for a proposed seven man industrial location team, soon to be named by CIF directors.

They will undergo a series of training sessions with industrial training specialists in the next few weeks.

And the publicity committee is seeking sites for proposed industrial site signs, now under consideration by the CIF board.

Henry Siebman, CIF secretary-treasurer, reported the $60,990 total Monday to weekly CIF board meeting.

Eagle Scout Rank Awarded Local Boys

Jay Tumlinson and Jim Bowman of Cameron Troop 191 and Randy Kirchenwitz, Rockdale Troop 89, passed the Tejas District, Boy Scouts of America, Eagle Board of Review and will be awarded the Eagle Scout badge in a court of honor this fall.

The Scouts are the first to receive the Eagle rank this year. Five District Scouts earned the badge last year according to Joe Moehring, district Scout executive. J. J. Heitman is Scoutmaster for Tumlinson and Bowman and Bill Summers of Rockdale is Scoutmaster for Kirchenwitz.

Major Project Okayed Monday

A major street program was approved by the City Council in a special meeting Monday night following a city-wide survey to determine traffic arteries in greatest need of repair or surfacing.

Mayor Bassel Wilson said work would start as soon as property owners could be contacted. A November 1 completion date for the entire project has been set.

The Council also passed a policy statement regarding street improvement and maintenance at the special meeting. The statement defines street classification, curb and gutter and participation.

WORK OUTLINE

Streets listed by the Council to be surfaced or repaired before November 1 are:

West 6th Street from US 77 east to Fannin Street. 3 blocks resident street. Curb and gutter. 2-3 cost to property owners, 1-3 cost to City.

North Jackson Street from 18th to 21st street. Resident access street. Curb not necessary. 2-3 cost to property owners, 1-3 cost to City. Double coat penetration and seal coat. Seat coat from 6th to 21st street.

Country Club Drive, 12th street east to Henry Litzman property. Resident access street. Curb and gutter not necessary. 2-3 cost to property owners, 1-3 cost to City. Double coat penetration.

Culpepper Addition. From 12th street to Perry Holder property. Curb necessary because of drainage problem. 2-3 cost to property owners, 1-3 cost to City. Double coat penetration. Resident access street.

From Perry Holder east to Calvin Cobb. No curb necessary. 2-3 cost to property owners, 1-3 cost to City. Resident access street.

Adams Street from intersection of Jackson street to US 77. Resident access street. South end repaired at City expense, rest 50 percent property owners, 50 percent City. Double coat penetration.

East end of 7th street at intersection of Jackson. Resident access street. 2-3 cost to property owners, 1-3 cost to City. Double coat penetration.

Austin Avenue from west 16th street north to west 22nd street. Resident access street. 50 percent cost to property owners, 50 percent cost to City. Double coat penetration.

East 8th street from N. Fannin to N. Washington. Resident access street. Curb and gutter optional. 2-3 cost to property owners, 1-3 cost to City.

POLICY

Mayor Wilson said the policy statement accepted by city council members was a general policy outline to be followed by the City government. He said there would be exceptions and these would be passed on by the Council.

Text of the Street Policy Statement follows:

1. Streets are classified as follows:
   a. Residential Streets - One used primarily by people living along the street.
   b. Residential Access Streets - One used by many people in an area to go from home to work, etc.
   c. Business Streets - One used by business and the general public.
   d. Business Access Streets - One used by public to travel to a business area.

A street can change in nature from one section to another. Usage of various portions of a street will be determined by the City Council.

2. Curb and Gutter

Curb and gutter will be optional with the 2-3 majority of property owners along a street to be improved, except where there is a problem with drainage, or other special problem that curb and gutter will solve. In such cases, curb and gutter may be required by the City Council.

3. Participation
   a. On streets less than 20 years old, the City will pay all costs if it is necessary to re-build a street. Over 20 years old, property owners along the street must pay a share of the cost.
   b. On residential streets, a 2-3 majority of the property owners must agree to any improvement. The costs of improvements will be shared, 2-3 by property owners and 1-3 by the City. Curbing will be paid by property owners, if street is curbed.
   c. Residential Access streets, normally a 50 percent agreement by property owners along street will be necessary for improvement. City will pay ½ of cost and the other ½ by residents.
   d. Business streets - Improvement will be by the decision of the City Council, and property owners will pay ½ of cost and the City will pay ½.
   e. Business access streets - Will be improved by decision of the City Council. Costs will be shared ½ by City and ½ by property owners.

EX-CON McDUFF ACCUSED SLAYER OF 3 YOUTHS

Kenneth McDuff, 20, convicted in 1965 of 5 burglary offenses in Milam County, is being held by Fort Worth officials in the triple slaying of three teenagers.

McDuff, sometime resident of Cameron, is the son of a Rosebud cement contractor J. A. McDuff. Milam Sheriff Carl Black said McDuff had been sentenced to the penitentary for a total of 41 years as a result of a crime spree in 1964 in Milam, Falls and Bell Counties. Black said the three and four year sentences imposed by the 3 District Courts were to run concurrently. McDuff actually served from February 1965 to January of this year.

McDuff and a companion, Roy Dale Green, 18, of Bremond, are now charged with the weekend murder of Robert Hugh Brand, 17, of Alvarado, and Marcus Dunnam, 16, of Los Angeles, and the rape and murder of Edna Louise Sullivan, 16.

McDuff and Green allegedly forced the teenage boys into the trunk of their car and shot them each in the head, then at another location assaulted and strangled the girl.

Green surrendered to officers in Robertson County Sunday night. He is the stepson of J. C. Wilson of Lott, a mechanic employed by Falls County. Falls Sheriff Brady Pamplin said he had never been in serious trouble before.

Sheriff E. P. Elliott of Robertson County and Sheriff Pamplin arrested McDuff early Monday after shooting at his car as he tried to flee. The officers were waiting for McDuff when he drove up to a girl friend's house after a date.

McDuff's brother, Lonnie, is being held under $10,000 bond in the Falls County jail on a charge of concealing a .38 caliber pistol. This is the weapon believed used to shoot Brand and Dunnam.

Fort Worth officials said McDuff was tough, surly and arrogant. That he refused to make any statement until he consulted with a lawyer and that officers would have to pay for shooting up his car.

Milam County Sheriff Black said McDuff had been in trouble in this area since he was 16 and Falls County Sheriff Brady Pamplin was quoted as saying "he's given us lots of trouble for years."

McKinney To Play Big 33 Classic At Hershey Saturday

Mack McKinney of Cameron will play starting safety for the All Stars of Texas when they clash with the All Stars of Pennsylvania in the Big 33 Classic at Hershey, Pa. Saturday.

The annual football game between Texas and Pennsylvania will be shown over closed circuit television in Houston.

McKinney has been working out with the All Star team in Houston this week under head coach Bobby Layne. They left by plane Wednesday for Baltimore, Maryland, a tour of Washington, D. C., and the game at Hershey, Pa.

New Bridge Set For Brazos Site

State Rep. Milton Schiller, of Cameron, Wednesday announced that a new Black Bridge crossing the Brazos River near Calvert has been approved by the State Highway Commission.

The new structure, when begun, will replace an old bridge in use at the crossing for 30 to 40 years.

New paving on the farm-to-market road out of Jones Prairie approaching the bridge will also be included, Rep. Schiller said. It will be funded out of special funds and not regular highway allocations.

'Friends' Sought For Library Plan

Prospective "Friends of the Library" will be invited, starting Monday, to join support of the Cameron Public Library and enjoy nine cultural programs there during the year.

An adjunct to the "Friends" program will be a continuing "art show", changing as new displays of art works, both local and national, are shown, including adult, children's and a variety of subject matter.

Contacts will be begun Monday by Mrs. John B. Henderson, Sr., Mrs. Carroll Green and Mrs. James Kahler, according to chairman of the "Friends" program, Mrs. Perry Holder.

Later 10 other ladies will aid in extending invitations to patrons who would support the program as a "Friend of the Library" for a $5 to $25 donation.

The nine programs through the year are scheduled from late September through the spring, 1967 at Cameron Library Meeting Room.

The continuing art show will be on display in the meeting room, similar to the display at the May 15 opening of the new Library.

Workers in the "Friends" program are meeting today to complete plans for the program series and art programming.

Each member will also be listed in a yearbook which will be presented each member.

Book reviews, musical presentations and other things cultural will be included in the nine-month program.

Mrs. Lester Williams and Mrs. Alvin Roberts will direct the art program.

The drive for "Friends" will continue through August 29.

If someone interested in the program is not contacted, one of the workers should be called, The Herald was advised.

Purpose of the "Friends" program is to extend and compliment the regular reading and record programs of Cameron Public Library.

He also made trips through Texas and to Oklahoma. He was accompanied to Venezuela by his nephew Edmund Boedeker who plans a one month visit there.

Miss Barbara Gurecky has returned to Cameron following summer study in Oregon. She will return to Houston to teach in September.

PLAY IT SAFE

The phrase "Doctor knows best" is a truism which we all remember from childhood. Yet, in this day, with all its sophistication and enlightenment some people attempt to diagnose and treat their own illness — a dangerous and unsafe practice to say the least.

Only your physician is qualified to diagnose and prescribe. When there is sickness, see him. Play it safe with your health. When medication is required, our prescription department is fully equipped to serve your needs.

MR. AND MRS. RICHARD LANE GLASER

Ceremony Unites Grothe-Glaser

Mr. and Mrs. H. C. Grothe of Rt. 3, Cameron, announce the marriage of their daughter, Linda Ann, to Mr. Richard Lane Glaser, son of Mr. and Mrs. Joe Glaser of Buckholts.

The couple exchanged wedding vows July 23, at 2 p.m. in the sanctuary of Hope Lutheran Church, Buckholts. The Reverend Glenn E. Moehring officiated before an altar decorated with bouquets of white gladiolus and banked with starburst arrangements of white gladiolus in wicker baskets. Only members of the immediate families were present.

The bride given in marriage by her father wore a white street length dress of chantilly lace over peau de soie. The A-line dress featured a rounded neckline and butterfly sleeves. The bride's hat was a white wedding ring pillbox with matching short veil. To complete her ensemble she wore a white cattleya orchid corsage with a yellow throat, and a diamond and pearl pendant, a gift of the bridegroom.

Mrs. E. L. Lepley of Coldspring, sister of the bride, was matron of honor, and Stanley J. Glaser of Buckholts served his brother as best man.

A reception was held immediately following the ceremony at the home of Mr. and Mrs. Joe Glaser. Mrs. Joe O. Brewer of Texarkana, sister of the bride, served the punch and Mrs. Stanley J. Glaser of Buckholts, sister-in-law of the bridegroom served the three tiered wedding cake from a table laid with an imported ecru lace tablecloth.

After a honeymoon trip to Austin and the Hill Country of Texas the couple is making their home at Buckholts.

The bride is a 1966 graduate of Yoe High School, Cameron.

The bridegroom is a 1964 graduate of Buckholts High School.

Little River Pastor Honored Saturday At Farewell Dinner

Mr. and Mrs. Ben Massengale entertained a number of guests with a cook out, Saturday, August 6.

A delicious meal of fried cat fish, barbecue chicken, sliced tomatoes, iced tea and pie, was furnished and each guest brought a covered dish.

The occasion was in honor of Rev. and Mrs. Don Calloway pastor of Little River Baptist Church for the past 3 years. Rev. Calloway recently graduated from Fort Worth Seminary, and is leaving for Montogomery, Alabama. They were presented with graduation and going away gifts.

Other guests present were: Rev. and Mrs. R. L. Brown of Rosebud, Mr. and Mrs. Lester Turner of Cameron, Mr. and Mrs. Irwin Stoker, Mr. and Mrs. Harry White and daughter Charlotte, Mrs. J. D. Martin and son Ted, Susie and Burnett Atkinson, and Mr. and Mrs. Jack Pond.

PERSONALS–

Former Lone Star Gas Cameron District Manager Charlie Burke and daughter, Donna Kay, have moved to Killeen and their former home in Cameron is now ocupied by the Warren Rinns.

Mrs. John Todd Lawrence and children have joined Mr. Lawrence at their new home in Titusville, Florida. The family formerly lived in Houston and Mrs. Lawrence and children have been visiting in the home of her parents, Mr. and Mrs. Earl Curtis.

MRS. MICHAEL CLIFFORD ALLISON

Vows Read For Moore-Allison

Miss Suellen Moore and Michael Clifford Allison were married Saturday evening at the First Baptist Church in Temple.

The Rev. Joseph C. Solomon of Channing officiated during the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Victor Paul Moore of Temple. The bridegroom's parents are Mr. and Mrs. Eddie Allison of Cameron.

Miss Barbara Lewellen, organist, provided the wedding music.

The altar was centered with large arch candelabra holding lighted tapers flanked by baskets of white gladioli and carnations.

The bride, given in marriage by her father, wore a formal gown of white silk peau de soie fashioned in Empire style. The moulded bodice of reembroidered Alencon lace featured a decolletage neckline and long tapered sleeves. The A-line skirt, marked at the waist with self bow, was complemented by the chapel length train banded with Alencon lace.

The pouf veil of imported illusion was held by a crown of pearls and teardrop crystals. She carried a Colonial bouquet of white roses centered with a white orchid on a Rainbow Bible. In the bouquet was an orange blossom taken from her great grandmother's bouquet.

Mrs. Sue Moore served as matron of honor. Bridesmaids were Miss Susan Hill and Mrs. Billie Fredrickson of Austin.

The attendants wore identical floor length gowns of daffodil yellow linen designed with Empire bodice, round neckline and full bracelet-length sleeves of chiffon banded with linen. Their head-pieces were matching linen bows with circular veils. They carried white Victorian roses accented with minature ivy.

Kelly Gibson was flower girl. Jay Gibson served as ringbearer. Eddie N. Allison, brother of the bridegroom, was best man.

Groomsmen were John Chlapek of Temple and Leland Dees of Angleton. Ushers were Bobby Jones of Cameron and John Chlapek.

Gary Allison, brother of the bridegroom lighted the candles.

After the ceremony a reception was held in the fellowship hall of the church.

The brides table was laid with an imported hand embroidered cutwork linen cloth. The centerpiece was formed by a crystal candleabra holding white tapers and the brides bouquet. The three tiered colonnaded bride cake was on a crystal tray.

The bridegrooms table was laid with an ecru linen cloth. The centerpiece was a tall brass candelstick holding a large green candle in an arrangement of smilax and stock blossoms. The single-ring chocolate cake on a brass tray was at one end of the table and the brass coffee service at the opposite end.

Members of the houseparty were the bridesmaid and Mrs. Leland Dees and Mrs. Eddie Allison of Angleton and Misses Rhonda and Regena Turner.

Honored guests were Mrs. Howard Calhoun, grandmother of the bride, Mrs. Raymond Dees, grandmother of the bridegroom, and Mrs. Eva McDonald, great grandmother of the bridegroom.

Mr. and Mrs. Allison will make their home at 609 W. 1st St., Cameron.

The bride is an honor graduate of Temple High School and attended Temple Junior College one year.

The bridegroom is an honor graduate of Choctawhatchee High School in Shalimar, Fla. He attended Temple Junior College for two years and is employed by Keller Aluminum in Caldwell.

The bridegroom's parents were hosts for the rehearsal dinner at Kasels Restaurant in Temple.

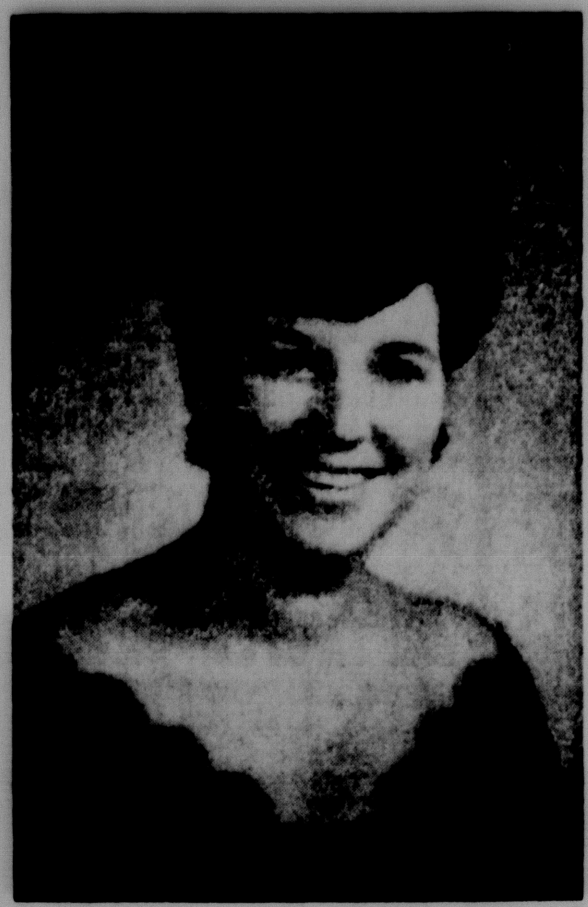
He received his BS degree at Sam Houston State and coached at Cleveland for two years before moving to Waco's LaVega in 1965.

He is married to the former Peggy Terry and they have 2 children, Karen and David.

McKinney Family Meets At City Park

Descendents of the C. M. McKinney family met at Cameron City Park Sunday for the annual reunion. The almost 100 relatives and friends attending included all but two of the children, grand and great grandchildren of Mrs. H. C. Weathers of 106 W. 5th, Cameron.

Mrs. W. H. Dodson and Mr. Dodson of Waco and Mrs. J. T. Francis and Mr. Francis of Killeen were also present. They are daughters of C. M. and Lou McKinney. Three daughters unable to be here for the reunion were Mrs. W. H. Houston of Sinton, Mrs. A. J. Wilkinson of Tempe, Arizona and Mrs. A. G. Phipps of Rogers, Ark.



Mr. and Mrs. William Lee Baxter of Victoria announce the engagement and approaching marriage of their daughter, Jacqueline Baxter DuBose, to William Rowland Newton III, son of Dr. and Mrs. W. R. Newton. The wedding will be August 19 in Victoria.

—PERSONAL MENTION—

Mrs. Bill Love returned to her home in California last week after a visit with her daughter and family and friends in Cameron. She was accompanied to California by the C. Titsworths who plan a camping trip to several national parks along the west coast.

Mrs. L. W. Stroup Jr. and daughter Patricia returned last week following a month in Mexico where they attended the Instituto Allende at San Miguel. The special summer session was on arts and crafts.

In Cameron for an overnight visit with his wife's family, the John Hendersons, was Parker Hallburg of Washington, D. C.

Mr. and Mrs. Robert Johnson of Washington D. C. will visit his mother, Mrs. J. E. Johnson, in Cameron next week. He has been a patient in a Dallas hospital after becoming ill during a business trip there.

Dr. and Mrs. Raul B. Mascarenhas recently returned from a trip to England where they attended the British-Brazilian soccer matches. They also traveled in Southern Europe before returning to the United States. The Mascarenhas children visited with friends in Oklahoma while their parents were in Europe.

Mr. H. H. Stedman is a patient in Scott and White Hospital and friends report that his condition is much improved.

THE FAMILY LAWYER

CARELESS CLOTHES

What to wear? Choosing your costume for a particular occasion is not just matter of fashion but also a matter of law. Should you be injured, careless clothing may jeopardize your right to collect damages by pinning a "negligent" label upon you.

Consider this case:

A young woman, going for a walk on a wintry night, knew that the sidewalks were slick with ice. Yet she chose to wear very high heels. Sure enough, she skidded, fell, and suffered assorted injuries.

But when she sued the city for damages, the jury decided she herself was guilty of negligence in her choice of footwear.

On the other hand, a woman who stumbled on a hotel stairway was held not negligent. The heels she was wearing were only moderately high — and the process of walking down steps did not demand any special precautions.

Even choosing an unwise color, if not neligence all by itself, may at least tip the scales in that direction.

Was a hunter accidentaly shot by a companion? It may count against the victim, legally, that he was wearing a grey hat exactly the color of a grey squirrel.

Was a motorist, changing a flat tire on a dark highway, struck by a passing car? It may be held against him that he was wearing a hard-to-see black jacket instead of an easy-to-see white shirt.

In addition to choosing your clothing with care, you are expected also to wear it with care. For example:

A woman passenger, emerging from a friend's car, shut the door on her own sleeve. Unaware of her predicament, the driver started forward, hurling the woman to the pavement. But a court later found no fault with the driver. The woman herself was negligent, said the court, for letting her sleeve get caught.

In another case, a man with foot troubles sued a shoe dealer for selling him shoes that were too tight. But the court turned thumbs down on his claim. The judge commented:

"He is the best judge of whether the shoes fitted or pinched. If the customer persists in wearing the shoes and allowing the pinching, he has himself to blame and none other."

Federal Land Bank Observes A Birthday — The Federal Land Bank System was established in July 1916 when President Woodrow Wilson signed the Farm Loan Act. All Federal Land Banks, the one serving Texas is located in Houston, are owned by the local associations which in turn are owned by farmer and rancher members. More than 36,000 farmers and ranchers are members of the [illegible] local associations in the Houston Bank district. The 12 Land Banks and more than 700 local associations in the nation will observe their Golden Anniversary by sponsoring a year-long program aimed at informing consumers of the achievements of the great basic industry, agriculture.

Seminar To Stress American 'Way Of Life'

Three high school students from Milam County left this week for the fourth annual Texas Farm Bureau Citizenship Seminar August 9-13, on the Baylor University campus in Waco, said V. L. Angell, president of the Milam County Farm Bureau.

Attending the four-day school will be Sara Arthur, daughter of Mr. and Mrs. William F. Arthur, Linda Darilek, daughter of Mr. and Mrs. Jerome J. Darilek, and Paul Willie, son of Mr. and Mrs. E. M. Willie. All three students attend C. H. Yoe High School, Cameron and are rated in the upper 30 percent of their classes scholastically. The Milam County Farm Bureau is sponsoring the three students and will pay all expenses of the Seminar.

Four nationally known educators and lecturers will address the more than 350 high school juniors and seniors who will attend the Seminar from over Texas. They are: Dr. C. L. Kay, vice president, public affairs, Lubbock Christian College and winner of many awards including a special citation by former President Dwight D. Eisenhower; Dr. Clifton L. Ganus Jr., president and head of the department of history and social sciences of Hadring College at Searcy, Ark; Herbert A. Philbrick, noted author, lecturer, and W. Cleon Skousen, Chief of Police of Salt Lake City, Utah and a former F.B.I. agent. He is a noted lecturer, featured speaker and author of the book "The Naked Communist."

Purpose of the seminar is to give students a better understanding of the American system and way of life. Emphasis will be placed on the economic, moral and social aspects of society.

Bridal Tea Honors LaTrelle Coward Sunday Afternoon

Miss LaTrelle Coward, bride-elect of Ronnie Good, was honored with a bridal tea in the home of Mrs. Andrew Youngblood on Sunday afternoon, August 7. Cohostesses were Mrs. S. W. McClaren Jr., Mrs. John W. Baker, Mrs. G. B. McDermott.

Miss Mary Frances Hurtik presided at the bride's book.

Misses Madeline McClaren and Rebecca Good served the punch and bell-shaped cookies. The serving table was centered with an arrangement of white wedding bells.

The bride's chosen colors of yellow and white were carried out throughout the rooms.

The gift display was centered with a white miniature tree with yellow buds. A bride doll stood underneath. Assisting with the gifts were Miss Mary Mode and Mrs. G. B. McDermott.

SW Bell Installs 2Mth Phone In South-Tex Area

Installation of the two millionth telephone in the South Texas Area of Southwestern Bell Telephone Co. was observed August 4, 1966, in the home of a San Antonio couple.

Installation of the phone was a major milestone in the rapid growth of the company's South Texas Area, a geographic region covering about 107,030 square miles in the southern half of the state.

The area includes four divisions —Houston, Gulf, San Antonio and Austin.

Total telephones in the Austin division, of which Cameron is a part, number 394,000.

Present at the ceremony was Lonnie Griffin, San Antonio division manager, who noted that the first telephone in South Texas was installed in 1880. He said more than 70 years passed before installation of the one millionth telephone and pointed out that in the brief span of 12 and one-half years, an additional million phones have been added in South Texas

Largest Draft Call Ordered For October

AUSTIN

State draft boards will be called upon to furnish 2,671 men for the armed forces in October, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

This is the biggest monthly draft call received by the state since May 1953, when the monthly quota was 2,823. This was during the Korean conflict.

Mr. and Mrs. Walter Schumacher announce the approaching marriage of their daughter, Jeanette to A2c Jim Hammon Peed, son of Mr. and Mrs. Fred Peed of Cameron. The wedding will take place in September at the St. John's Lutheran Church in Deanville.

SCD News

Brush is one of our most serious problems as far as our grazing lands are concerned in Milam County. It was estimated by the Milam County Conservation Needs Inventory Committee which is composed of representatives of the ASCS, FHA, Extension Service, SCS, Vocational Agriculture, and State Parks and Wildlife, that in 1958 there was approximately 247,000 acres of brush and timber in Milam County. This is over 38 percent of the total agricultural land of the county.

It is estimated that since 1958 there has been some 30-35 thousand acres of land cleared. Generally speaking, this land is in good shape as far as the brush problem is concerned. This is due to a large extent to the methods of control required by the ASCS for those people who receive cost share on the brush control practice.

However, this is not the entire story. Even though there has been some 30-35 thousand acres cleared, brush as come in and taken nearly that many acres that did not have brush in 1958. Milam County is not only place that this is happening. This is the situation throughout the state.

The predominant species of brush in our area are mesquite, oak, and elm. This brush may be controlled by mechanical means or by the use of chemicals. The most popular method of control in the Cameron area is by mechanical means. Usually the brush is dozed, root plowed, raked, stacked, and burned. When this type of operation is carried out the land is left in such a condition where improved grasses may be planted and weeds and re-sprouts may be controlled by shredding.

Chemical control is adapted where the brush is scattered on our tame pastures and where the farmer or rancher desires to keep his native grasses. Much of our native grazing land has a good stand of desirable grasses, but this grass is not making the maximum growth because of the competition from brush for sunlight, moisture and plant nutrients.

Complete eradication of all brush and timber is not desirable. Some brush should be left for cover for wildlife and for protection of livestock during severe weather. Also acattered trees of certain species should be left for shade and for natural beauty of the land.

Any More Questions . . . .

As the August 27 date approaches for the Cameron Urban Renewal referendum, few questions have been raised since its announcement.

About 15 or 20 have been presented to City Planning Commission for answering. It is apparent that most of the basic questions have been presented through the news media or brought out at the July 5 public hearing.

It is best that questions be raised now, so that misunderstanding and implication may be cleared before the question is answered at the polls.

Planning is a great part of the future survival and growth of any community. And that is the question in the August 27 election.

Let's hope the basic problem and the basic possibilities are drawn before that date.

Orderly development is the question.

A Quiet, Busy Place . . . . .

Cameron Public Library is further a benefactor of income from leasing the lot on the west end of the double block.

And two other activities gather interest: The division of the story hour because of heavy participation, and organization of "Friends of the Library" for sustaining funds and a series of nine cultural programs at the Library meeting room.

The additional funds are earmarked for ground and landscaping improvements around the building and on the library grounds.

The library facility, as well, has seen check out of books quadruple in the past two months, compared to the former location and eight or ten times the checkout of the original location.

Additional efforts will be made to extend this growth during the school year with liaison work with the Cameron Public Schools.

For a quiet place, Cameron Public Library is rather busy. And little further need to ask whether the five years of effort were worth it.

NEW LIGHT ON HOMEWORK...

The school year will soon be under way again and young eyes will be working at one of the most important tasks they'll have in a lifetime . . . studying.

If there are school children in your family, take a good look at the lighting used for home study. Lamps should provide evenly distributed, glare-free, shadow-free light over the work area. The light source should be close to books and papers, but not so close to cause direct or indirect glare.

You can be sure of adequate and good quality study lighting with specially-designed, economically-priced lamps which are available at electric appliance dealers.

Money Problems Face Legislature

By Vern Sanford

AUSTIN

Never has the Texas Legislature had money problems like those it will face in 1967.

Although the fact has been little publicized, state agencies are requesting an unprecedented $1,200,000 in appropriations from the general revenue fund during the next biennium. This figure does not include activities fainanced by extensive special fund revenues and federal aid. Neither does it allow for the $120,000,000 pay raise sought by school teachers.

By way of comparison, present general revenue appropriations add up to $623,900,000, so the agencies are seeking almost twice as much as they now are getting from tax sources controlled by the Legislature.

Sharp pruning is inevitable before official budget proposals are submitted to lawmakers by Gov. John Connally and the Legislative Budget Board. Making the task more difficult is the fact that the bulk of requested increases would go to such worthy purposes as:

Improved education, new community action programs for mental health and mental retardation, tuberculosis control, Medicare implementation, park improvements, a $50,000,000 mental hospital and special school building program, water facilities and pollution control, new prison buildings and a pay raise for state employees.

Financial authorities estimate state taxes would have to be raised $400,000,000 to meet the new spending demands.

Most of the demands, of course, will not be met. But high ranking officials,including House Speaker Ben Barnes, see a tax bill in the magnitude of $200,000,000 shaping.

Although most forecasters are predicting that a sales tax hike of one per cent is inevitable, look for a "surprise" revenue bill with top-level backing.

CONNALLY BACKS SENTENCE

Governor Connally, returning to this capital city while it still was numbed with shock and grief over the senseless sniper slaying of 13 at The University of Texas, suggested a new state law ordering mandatory life prison sentences for insane killers.

Connally said he is considering t recommendation for a non-parolable life sentence because too many criminals escape extended punishment on pleas of insanity.

The governor, who cut short a South American tour after the August 1 UT tower murders, also directed the State Department of Public Safety to gather all facts on sniper Charles J. Whitman, an ex-Marine and honor student. He further directed a study of Whitman's brain by a conference of medical experts at M.D. Anderson Hospital and Tumor Institute at Houston.

Connally said he does not believe the August 1 tragedies, which "could have occurred in any city of the world," will reflect on Texas or Austin.

Lt. Gov. Preston Smith promptly directed the Texas Legislative Council to study the feasibility of enacting mandatory life imprisonment provisions for accused killers pleading insanity.

LAWMAKERS DECLINE NOMINATIONS — Congressman Walter Rogers of Pampa and State Rep. Bill Satterwhite of Ennis served official notice they are declining Democratic nominations for re-election.

Rogers' completely unexpected decision to return to private law practice leaves the job of naming his successor to Democratic county chairmen in the Panhandle counties he long represented. Satterwhite accepted a job with the Lone Star Gas Company in Dallas.

Republicans say the bow-out of Rogers will improve chances of their congressional nominee, Bob Price of Pampa, who ran strong in 1964.

HISTORIC SUIT ENDS

Prompt appeal of final judgement in the 11-year-long lawsuit over Rio Grande Valley water rights is expected to be filed soon.

District Judge J. H. Starley of Pecos entered the judgement ending the trial of controversy last week at Edinburg.

A 100-page decree covers U.S. share of water at Falcon Dam and the Rio Grande flow below the reservoir. Case will have far-reaching effect on land values and water use in Hidalgo, Cameron, Willacy and Starr counties.

Judgement proposes division of water among irrigation districts and independent pumpers on a priority system in five categories. It doubles amount of water previously allowed cities in preliminary judgment but retains acreage basis of figuring allotment.

MILLIONS FROM LEASE SALE

DIPLOMATIC POUCH

WASHINGTON DC. The following letters were recently answered by the Department of State.

What is the position of the United States in reference to the 1961 Vienna Convention on Diplomatic and Consular immunities? On September 14, 1965, the Senate gave its advice and consent on the Convention, but I have been unable to ascertain what if any action the President has taken.

A second problem is what would be the effect of the action by the Senate if the President failed to take any action on the Convention and in the interim a new session of Congress began? Would this advice and consent carry over?

M. J. R.
Auburn, N. Y.

Dear Mr. R.:

As you pointed out, the Senate gave its advice and consent to ratification of the Convention on Diplomatic Relations on September 14, 1965. It is believed desirable to have complementing legislation, which has been submitted to the Senate and has been introduced as S2320, 89th Congress, 1st Session. The Department had recommended that the President not take action with respect to the Convention pending consideration of the proposed legislation by the Congress.

There is no limitation on the time during which the President can ratify the Convention after receiving Senate advice and consent to ratification. The Senate advice and consent carries over from session to session.

By way of clarification, it is noted that the 1963 Vienna Convention on Consular Relations (a separate Convention) has not yet been submitted to the Senate.

My husband and I plan to fly our plane from Miami to Puerto Rico, making several stops in the Bahama Islands on the way. We would like to know what regulations are required to fly near Haiti and the Dominican Republic - specifically, how far does their airspace extend from the shoreline. Also, if it were necessary to make an emergency landing in either of these countries, what procedure would you recommend?

C. W. M.
Inglewood, Cal.

Dear Mrs. M.:

Neither Haiti nor the Dominican Republic asserts a claim beyond the three-mile limit. If you are forced to make an emergency landing and were following your approved flight plan, you would be conforming to international regulations and could easily explain your emergency landing to local authorities. If you believe the possibility of such a landing is not remote, you might want to write a letter explaining your plans to the Haitian and Dominican Embassies in Washington (addresses enclosed).

We're sending copies of your letter and this reply to the American Embassies at Port-au-Prince and Santo Domingo to make them aware of your plans.

Do you have an inquiry?

OLD PHILOSOPHER

Philosopher Wants To Be Cut In On One Of These Big International Grain Deals

According to an article I read last night in a newspaper which fell out from under a tricycle a tourist coming by here had tied on top of his car. I guess the paper was there to keep the paint from getting scratched but it's hard for me to explain the tricycle, the United States has just sold India about two million tons of grain and the terms are so interesting I'd like to get in on a similar deal.

As the article explained, India is paying for the grain, all right, but not in American dollars. It's paying in rupees. And the rupees will be kept in India to promote education.

Can you tell me if such a deal is available in this country? And where do you apply?

While I don't have much use for grain, at least by itself, you know the government would include some hogs to go with it, or some steers, or something.

Naturally I don't have any rupees, but that's just a technicality; me and the government can get around that.

For example, in lieu of rupees, why couldn't I give the government a check, with the understanding it would never be cashed? Then I could take the financial gains made from never having the check reach the bank and promote education out here on this Johnson grass farm, and I believe I could easily prove there's a field for it.

As for the type of education, me and India probably see eye to eye on that. For example, you won't catch either one of us promoting agricultural education. In India, farming with a tractor instead of a walking plow will have to wait till they get a nuclear bomb going, and out here farming with anything will have to wait till I'm through resting. It's not quite the same but it produces about the same amount of food.

I am thinking of renewing my supscription to The Cameron Herald. How many rupees will take?

Yours faithfully,
J. A.

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why . . . with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel. look into a new Chevrolet.

Down in Louisiana there's a spot which casts a spell of reverence upon my soul.

But what I have found along the bayou I have seen, too, in the awesome might of a granite peak, in the mystic wonder of a shadowy canyon. I have heard it in the restless symphony of the surf at night.

These, the shrines of nature, are God's hint of a spiritual meaning in life.

But, long ago, man responded to God's hint. The churches in which we worship and learn and serve—these are the workshops He inspired. Week by week, year by year, under the hand of the Master, lives are being fashioned to His blueprint . . . devoted to His purpose.

Yes, we can find God in nature! But the road of spiritual discovery only *begins* along the bayou. It *goes on* from there to our highest quest.

TP&L Says 'Beware The Swindler'

Texas Power & Light Company customers should beware of persons posing at TP&L employees who claim it is necessary to make electrical repairs in residences, a TP&L official said.

The official said that in various areas served by the Company a person or persons claiming to be TP&L service personnel had collected as much as $245.00 in one instance for performing non-existent electrical repairs.

The TP&L spokesman said that the swindlers' method of operation generally works like this: The customer is told that Texas Power & Light Company has had a report of inadequate wiring in his home. After these "service men" perform a "wiring inspection" they then inform the customer that his wiring is in a dangerous condition and requires immediate repair.

The "service men" then tell the customer that they will make the necessary repairs for a fee, payable in advance and ranging from $80.50 to $245.00. After collecting the money the swindlers generally do one of two things:

They leave after telling the customer they need to pick up some materials and do not return, or they enter the customer's attic and make some non-existent repairs, then leave after informing the customer that his wiring has been repaired.

As a result of these misrepresentations, Texas Power & Light Company suggests the following to its customers:

1. Require identification of anyone representing himself at a TP&L employee. All TP&L service trucks bear the Company emblem on the door.

2. Texas Power & Light Company does not make home electrical repairs. This job is performed by the local electrical contractor of your choice.

3. If a customer has a doubt about the identification of anyone claiming to be a TP&L employee, call the Texas Power & Light Company office immediately.

Any More Questions . . . .

As the August 27 date approaches for the Cameron Urban Renewal referendum, few questions have been raised since its announcement.

About 15 or 20 have been presented to City Planning Commission for answering. It is apparent that most of the basic questions have been presented through the news media or brought out at the July 5 public hearing.

It is best that questions be raised now, so that misunderstanding and implication may be cleared before the question is answered at the polls.

Planning is a great part of the future survival and growth of any community. And that is the question in the August 27 election.

Let's hope the basic problem and the basic possibilities are drawn before that date.

Orderly development is the question.

A Quiet, Busy Place . . . . .

Cameron Public Library is further a benefactor of income from leasing the lot on the west end of the double block.

And two other activities gather interest: The division of the story hour because of heavy participation, and organization of "Friends of the Library" for sustaining funds and a series of nine cultural programs at the Library meeting room.

The additional funds are earmarked for ground and landscaping improvements around the building and on the library grounds.

The library facility, as well, has seen check out of books quadruple in the past two months, compared to the former location and eight or ten times the checkout of the original location.

Additional efforts will be made to extend this growth during the school year with liaison work with the Cameron Public Schools.

For a quiet place, Cameron Public Library is rather busy. And little further need to ask whether the five years of effort were worth it.

Money Problems Face Legislature

By Vera Sanford

AUSTIN

Never has the Texas Legislature had money problems like those it will face in 1967.

Although the fact has been little publicized, state agencies are requesting an unprecedented $1,200,000 in appropriations from the general revenue fund during the next biennium. This figure does not include activities fainanced by extensive special fund revenues and federal aid. Neither does it allow for the $120,000,000 pay raise sought by school teachers.

By way of comparison, present general revenue appropriations add up to $623,900,000 so the agencies are seeking almost twice as much as they now are getting from tax sources controlled by the Legislature.

Sharp pruning is inevitable before official budget proposals are submitted to lawmakers by Gov. John Connally and the Legislative Budget Board. Making the task more difficult is the fact that the bulk of requested increases would go to such worthy purposes as:

Improved education, new community action programs for mental health and mental retardation, tuberculosis control, Medicare implementation, park improvements, a $50,000,000 mental hospital and special school building program, water facilities and pollution control, new prison buildings and a pay raise for state employees.

Financial authorities estimate state taxes would have to be raised $400,000,000 to meet the new spending demands.

Most of the demands, of course, will not be met. But high ranking officials,including House Speaker Ben Barnes, see a tax bill in the magnitude of $200,000,000 shaping.

Although most forecasters are predicting that a sales tax hike of one per cent is inevitable, look for a "surprise" revunue bill with top-level backing.

CONNALLY BACKS SENTENCE

Governor Connally, returning to this capital city while it still was numbed with shock and grief over the senseless sniper slaying of 13 at The University of Texas, suggested a new state law ordering mandatory life prison sentences for insane killers.

Connally said he is considering a recommendation for a non-parolable life sentence because too many criminals escape extended punishment on pleas of insanity.

The governor, who cut short a South American tour after the August 1 UT tower murders, also directed the State Department of Public Safety to gather all facts on sniper Charles J. Whitman, an ex-Marine and honor student. He further directed a study of Whitman's brain by a conference of medical experts at M.D. Anderson Hospital and Tumor Institute at Houston.

Connally said he does not believe the August 1 tragedies, which "could have occurred in any city of the world," will reflect on Texas or Austin.

Lt. Gov. Preston Smith promptly directed the Texas Legislative Council to study the feasibility of enacting mandatory life imprisonment provisions for accused killers pleading insanity.

LAWMAKERS DECLINE NOMINATIONS — Congressman Walter Rogers of Pampa and State Rep. Bill Satterwhite of Ennis served official notice they are declining Democratic nominations for re-election.

Rogers' completely unexpected decision to return to private law practice leaves the job of naming his successor to Democratic county chairmen in the Panhandle counties he long represented. Satterwhite accepted a job with the Lone Star Gas Company in Dallas.

Republicans say the bow-out of Rogers will improve chances of their congressional nominee, Bob Price of Pampa, who ran strong in 1964.

HISTORIC SUIT ENDS

Prompt appeal of final judgement in the 11-year-long lawsuit over Rio Grande Valley water rights is expected to be filed soon.

District Judge J. H. Starley of Pecos entered the judgement, ending the trial of controversy last week at Edinburg.

A 100-page decree covers U.S. share of water at Falcon Dam and the Rio Grande flow below the reservoir. Case will have far-reaching effect on land values and water use in Hidalgo, Cameron, Willacy and Starr counties.

Judgement proposes division of water among irrigation districts and independent pumpers on a priority system in five categories. It doubles amount of water previously allowed cities in preliminary judgment but retains acreage basis of figuring allotment.

MILLIONS FROM LEASE SALE

State permanent school fund received more than $5,600,000 from oil and gas lease sale on 101,236 acres.

DIPLOMATIC POUCH

WASHINGTON DC. The following letters were recently answered by the Department of State.

What is the position of the United States in reference to the 1961 Vienna Convention on Diplomatic and Consular immunities? On September 14, 1965, the Senate gave its advice and consent on the Convention, but I have been unable to ascertain what if any action the President has taken.

A second problem is what would be the effect of the action by the Senate if the President failed to take any action on the Convention and in the interim a new session of Congress began? Would this advice and consent carry over?

M. J. R.
Auburn, N. Y.

Dear Mr. R.:

As you pointed out, the Senate gave its advice and consent to ratification of the Convention on Diplomatic Relations on September 14, 1965. It is believed desirable to have complementing legislation, which has been submitted to the Senate and has been introduced as S2320, 89th Congress, 1st Session. The Department had recommended that the President not take action with respect to the Convention pending consideration of the proposed legislation by the Congress.

There is no limitation on the time during which the President can ratify the Convention after receiving Senate advice and consent to ratification. The Senate advice and consent carries over from session to session.

By way of clarification, it is noted that the 1963 Vienna Convention on Consular Relations (a separate Convention) has not yet been submitted to the Senate.

My husband and I plan to fly our plane from Miami to Puerto Rico, making several stops in the Bahama Islands on the way. We would like to know what regulations are required to fly near Haiti and the Dominican Republic - specifically, how far does their airspace extend from the shoreline. Also, if it were necessary to make an emergency landing in either of these countries, what procedure would you recommend?

C. W. M.
Inglewood, Cal.

Dear Mrs. M.:

Neither Haiti nor the Dominican Republic asserts a claim beyond the three-mile limit. If you are forced to make an emergency landing and were following your approved flight plan, you would be conforming to international regulations and could easily explain your emergency landing to local authorities. If you believe the possibility of such a landing is not remote, you might want to write a letter explaining your plans to the Haitian and Dominican Embassies in Washington (addresses enclosed).

We're sending copies of your letter and this reply to the American Embassies at Port-au-Prince and Santo Domingo to make them aware of your plans.

Do you have an inquiry?

OLD PHILOSOPHER

Philosopher Wants To Be Cut In On One Of These Big International Grain Deals

According to an article I read last night in a newspaper which fell out from under a tricycle a tourist coming by here had tied on top of his car, I guess the paper was there to keep the paint from getting scratched but it's hard for me to explain the tricycle, the United States has just sold India about two million tons of grain and the terms are so interesting I'd like to get in on a similar deal.

As the article explained, India is paying for the grain, all right, but not in American dollars. It's paying in rupees. And the rupees will be kept in India to promote education.

Can you tell me if such a deal is available in this country? And where do you apply?

While I don't have much use for grain, at least by itself, you know the government would include some hogs to go with it, or some steers, or something.

Naturally I don't have any rupees, but that's just a technicality; me and the government can get around that.

For example, in lieu of rupees, why couldn't I give the government a check, with the understanding it would never be cashed? Then I could take the financial gains made from never having the check reach the bank and promote education out here on this Johnson grass farm, and I believe I could easily prove there's a field for it.

As for the type of education, me and India probably see eye to eye on that. For example, you won't catch either one of us promoting agricultural education. In India, farming with a tractor instead of a walking plow will have to wait till they get a nuclear bomb going, and out here farming with anything will have to wait till I'm through resting. It's not quite the same but it produces about the same amount of food.

I am thinking of renewing my supscription to The Cameron Herald. How many rupees will take?

Yours faithfully,
J. A.

Milano School Principal Resigns

Edward Swenson, Principal of Milano Schools for the past twelve years has resigned his position to accept a Jr. High Principalship in Port Isabel Schools. Mr. Swenson, who has taught the sixth grade in Milano will teach in the Elementary School at Port Isabel.

He also has coached both football and basketball and has had several District Champions.

Other vacancies in the Milano School are due to the resignations of Mrs. Beth Allen, English teacher and Mrs. Nancy Whitlock, Commerical teacher. Superintendent R. L. Porter is accepting applications to fill these positions.

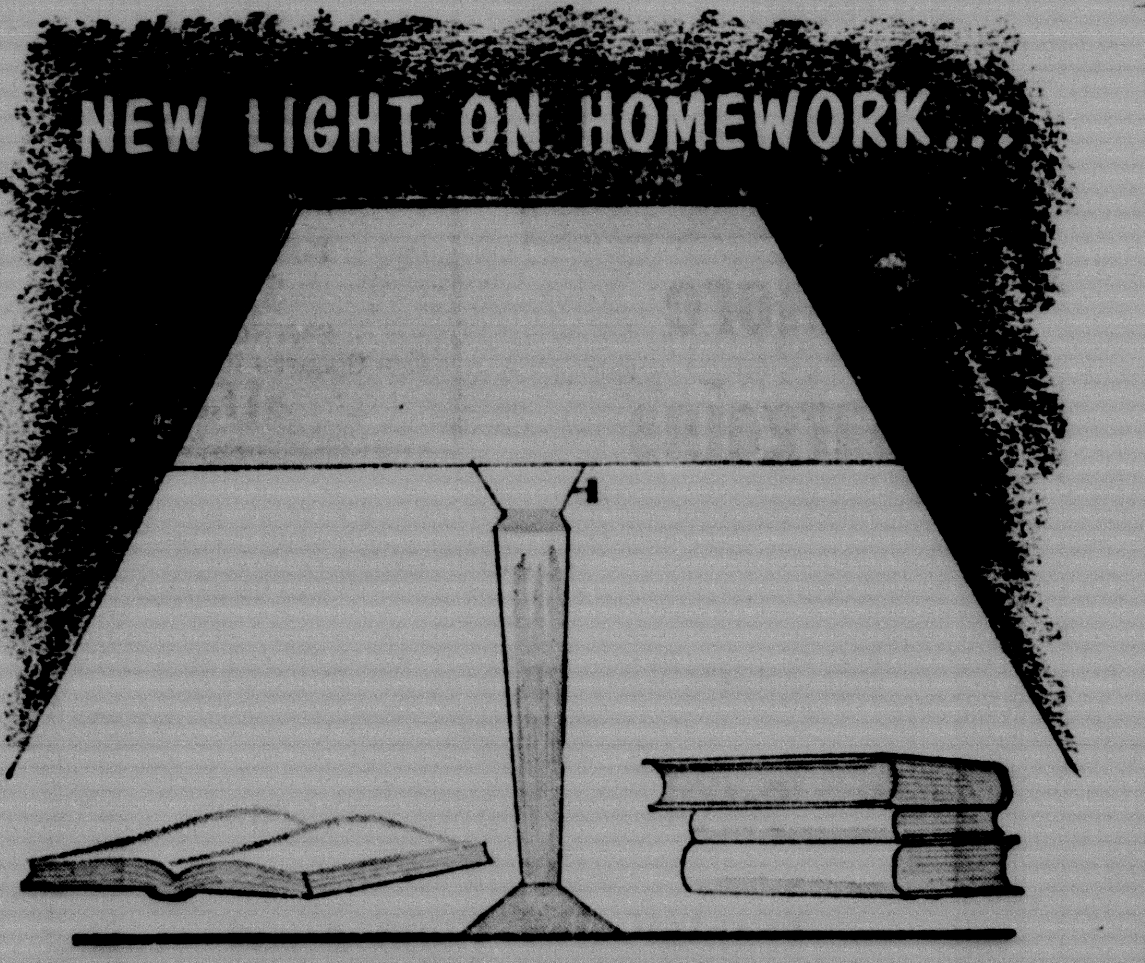
MONTGOMERY, ALA.

Captain William L. Murray, son of Mr. and Mrs. W. A. Murray of 2012 Post Oak Road, Rockdale, was graduated Friday from the Air University's Squadron Officer School, Maxwell AFB, Ala.

Captain Murray was selected for the special professional officer training in recognition of his potential as a leader in the aerospace force.

The captain is a graduate of Rockdale High School. He received his commission in 1961 upon completion of the Air Force Reserve Officers Training Corps program at Texas AIM University, where he also received his B.S. degree in physical education.

Captain Murray's wife, Kerma, is the daughter of Mr. and Mrs. J. E. Johnston of 505 Calhoun Drive, Rockdale.



NEW LIGHT ON HOMEWORK...

The school year will soon be under way again and young eyes will be working at one of the most important tasks they'll have in a lifetime . . . studying.

If there are school children in your family, take a good look at the lighting used for home study. Lamps should provide evenly distributed, glare-free, shadow-free light over the work area. The light source should be close to books and papers, but not so close to cause direct or indirect glare.

You can be sure of adequate and good quality study lighting with specially-designed, economically-priced lamps which are available at electric appliance dealers.

Are there really any sound reasons for buying a Chevrolet in August?

GM Chevrolet Division

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.

2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.

3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why . . . with buys that are better than ever.

4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.

5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.

6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel. look into a new Chevrolet.

Down in Louisiana there's a spot which casts a spell of reverence upon my soul.

But what I have found along the bayou I have seen, too, in the awesome might of a granite peak, in the mystic wonder of a shadowy canyon. I have heard it in the restless symphony of the surf at night.

These, the shrines of nature, are God's hint of a spiritual meaning in life.

But, long ago, man responded to God's hint. The churches in which we worship and learn and serve—these are the workshops He inspired. Week by week, year by year, under the hand of the Master, lives are being fashioned to His blueprint . . . devoted to His purpose.

Yes, we can find God in nature! But the road of spiritual discovery only *begins* along the bayou. It *goes on* from there to our highest quest.

TP&L Says 'Beware The Swindler'

Texas Power & Light Company customers should beware of persons posing at TP&L employees who claim it is necessary to make electrical repairs in residences, a TP&L official said.

The official said that in various areas served by the Company a person or persons claiming to be TP&L service personnel had collected as much as $245.00 in one instance for performing non-existent electrical repairs.

The TP&L spokesman said that the swindlers' method of operation generally works like this: The customer is told that Texas Power & Light Company has had a report of inadequate wiring in his home. After these "service men" perform a "wiring inspection" they then inform the customer that his wiring is in a dangerous condition and requires immediate repair.

The "service men" then tell the customer that they will make the necessary repairs for a fee, payable in advance and ranging from $80.00 to $245.00. After collecting the money the swindlers generally do one of two things:

They leave after telling the customer they need to pick up some materials and do not return, or they enter the customer's attic and make some non-existent repairs, then leave after informing the customer that his wiring has been repaired.

As a result of these misrepresentations, Texas Power & Light Company suggests the following to its customers:

1. Require identification of anyone representing himself at a TP&L employee. All TP&L service trucks bear the Company emblem on the door.

2. Texas Power & Light Company does not make home electrical repairs. This job is performed by the local electrical contractor of your choice.

3. If a customer has a doubt about the identification of anyone claiming to be a TP&L employee, call the Texas Power & Light Company office immediately.

Cattle May Need Phosphorus

Under summer conditions, natural grazing may not provide beef cattle with needed nutrients. Cows fed phosphorus supplements, in areas where the deficiency occurs, may average as much as 200 pounds heavier than those not getting the supplement and calves may weigh as much as 50-70 pounds more at weaning age, says U. D. Thompson, Texas A&M University Extension animal husbandman. And, he adds, calf crops may be increased by as much as 30 percent.

SELF ANALYSIS QUIZ

Can You Give A Successful Party?

By Jane Sherrod Singer, M. A., University of California

Former U. S. Ambassador to Luxembourg, Perle Mesta, known as the "hostess with the mostest" on two continents, says that the one ingredient basic to successful entertaining is a sincere interest in people.

"Anyone who doesn't like people can't really be a good host - - or hostess." In addition, however, she has a number of more specific hints. How would you answer these questions?

	YES	NO
1. Children should be included in the guest list for evening dinners.	( )	( )
2. Your guests should be selected from the same occupations, professions or at least have many interests in common.	( )	( )
3. If you forget a name, honestly admit it.	( )	( )
4. At a sit-down-dinner it is permissible to leave your guests at the table while you prepare the last minute details.	( )	( )
5. As a host or hostess, wisdom lies in being conservatively dressed.	( )	( )
6. If an unpleasant subject comes up, quickly change the topic.	( )	( )
7. The same kinds of foods should be served at a buffet dinner as at a sit-down dinner party.	( )	( )
8. As a host or hostess you should spend most of your time with your shy guests.	( )	( )
9. Your guests should be urged into joining planned activities after dinner.	( )	( )
10. The best parties just happen spontaneously.	( )	( )
11. The more your party shows the "personal touch" of your own planning, cooking, etc., the more successful it is likely to be.	( )	( )

PERLE MESTA'S ANSWERS:

1. No. "Not until your children are over 18 and adult in their behavior should they be privileged to be guests."
2. No. "A cross-section of guests is much more interesting. People in different occupations are more curious about each other - - -."
3. No. "The name comes back if you talk for a little while. But any trick is better than letting a person think you have forgotten his or her name."
4. No. "Everything should be cooked in advance. Guests would rather have something simple and have their hostess with them than to have something time-consuming which deprives them of her company."
5. Yes. "Always let your guests' gowns outshine yours."
6. Yes. "Never make a reference or argue with an embarrassing statement. Change the subject - - abruptly if necessary."
7. No. A buffet table should include only foods which can be easily eaten without cutting. "One of my favorites for buffets is Chicken a la King, hot peas and fruit salad. I also like to build a supper around a casserole of baked beans which most people enjoy."
8. No. "A good hostess enjoys her own party and does not spend all her time hovering over her guests. I meet my guests, make sure they know everybody and then enjoy my own party."
9. No. "I never force quests to participate in doing anything, but I always have music as background for my parties. Charades are fun. Some may prefer cards. Unrelieved conversation can be wearing."

The value of shade or ornamental trees damaged by high winds, tornadoes, or other acts of nature is deductible from income taxes. The value, according to Bill Smith, Texas A&M University Extension forester, can be determined by the decrease in assessed value of the real estate or by a formula based on tree size. A 20-inch diameter tree at breast height is valued at over $1500, Smith says. The formula was developed by the National Shade Tree Conference Committee.

Proposed CONSTITUTIONAL AMENDMENT

NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 4 proposing an Amendment to the Constitution of Texas by adding to Section 62 of Article XVI a new subsection to be denominated subsection (c), of said Section 62; authorizing the Legislature to enact laws establishing, subject to the limitations stated, a State-wide System of Retirement, Disability and Death Compensation benefits for the officers and employees of the counties and other political subdivisions of the state, and of the political subdivisions of any county.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a subsection (c) which shall read as follows:

"(c) The Texas Legislature is authorized to enact appropriate laws to provide for a System of Retirement, Disability and Death Benefits for all the officers and employees of a county or other political subdivision of the state, or a political subdivision of a county; providing that when the Texas Legislature has passed the necessary enabling legislation pursuant to the Constitutional authorization, then the governing body of the county, or other political subdivision of the state, or political subdivision of the county shall make the determination as to whether a particular county or other political subdivision of the state, or subdivision of the county participates in this System; providing further that such System shall be operated at the expense of the county or other political subdivision of the state or political subdivision of the county electing to participate therein and the officers and employees covered by the System; and providing that the Legislature of the State of Texas shall never make an appropriation to pay the costs of this Retirement, Disability and Death Compensation System.

"The Legislature may provide for a voluntary merger into the System herein authorized by this Constitutional Amendment of any System of Retirement, Disability and Death Compensation Benefits which may now exist or that may hereafter be established under subsection (b) of Section 62 of Article XVI of the Texas Constitution; providing further that the Texas Legislature in the enabling statute will make the determination as to the amount of money that will be contributed by the county or other political subdivision of the state or political subdivision of the county to the State-wide System of Retirement, Disability and Death Benefits, and the Legislature shall further provide that the amount of money contributed by the county or other political subdivision of the state or subdivision of the county shall equal the amount paid for the same purpose from the income of each officer and employee covered by this State-wide System.

"It is the further intention of the Legislature, in submitting this Constitutional Amendment, that the officers and employees of the county or other political subdivision of the state or political subdivision of a county may be included in those systems regardless of whether the county or other political subdivision of the state or political subdivision of the county participates in the Retirement, Disability and Death Benefit System authorized by this Constitutional Amendment, or whether they participate in a System under the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as the same is herein amended."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1966, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Texas Legislature to establish a State-wide Cooperative System of Retirement, Disability and Death Benefits for the officials and employees of the various counties or other political subdivisions of the state, or political subdivisions of a county; authorizing the Legislature to provide for a voluntary merger into the system authorized by this Amendment by those officers and employees covered by the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as now existing or may hereafter be established; providing that costs of this System shall be borne by the counties and other political subdivisions of the state and political subdivisions of the county electing to participate therein and the officers and employees covered by the System; and forbidding the Legislature from making any appropriations for the operation of this System."

"AGAINST the Constitutional Amendment authorizing the Texas Legislature to establish a State-wide Cooperative System of Retirement, Disability and Death Benefits for the officials and employees of the various counties or other political subdivisions of the state, or political subdivisions of a county; authorizing the Legislature to provide for a voluntary merger into the system authorized by this Amendment by those officers and employees covered by the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as now existing or may hereafter be established; providing that costs of this System shall be borne by the counties and other political subdivisions of the state and political subdivisions of the county electing to participate therein and the officers and employees covered by the System; and forbidding the Legislature from making any appropriations for the operation of this System."

If it appears from the returns of said election that a majority of the votes have been cast in favor of such amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have notice of said proposed Amendment and of said election published as required by the Constitution of Texas, and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 1 proposing an Amendment to Article IX of the Constitution of Texas by adding thereto a new Section to be known as Section 12; authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties; authorizing the creation of a board of directors by appointment or election; providing that the membership of the board shall be based upon the proportionate part of the population of each county, with no county having less than one member; providing for the necessary election; authorizing the levy of an annual tax not to exceed Seventy-Five Cents (75c) per One Hundred Dollars ($100) valuation; provided, however, that the property of state regulated common carriers required by law to pay a tax upon intangible assets shall not be subject to taxation by the Authority; authorizing the Authority to employ or appoint an assessor and collector of taxes whose duty it shall be to assess and collect the taxes on the tax rolls approved by the Board of Directors of said Authority, said taxes to be assessed equally and uniformly throughout the county or counties, comprising the Authority, as required by the Constitution; granting to such Authority the power to acquire by purchase, or through eminent domain proceedings existing publicly financed airport properties or other sites necessary to have and to improve the same, power to issue and sell general obligation bonds and revenue bonds, or either of them; authorizing the assumption of outstanding indebtedness secured by general obligation bonds and assuming the obligations of the city or cities under ordinances and bond indentures under which revenue bonds have been issued and sold; to enact zoning regulations and other measures to protect the airport facilities from hazards and obstructions; providing for the adding of an additional county or counties to the Authority.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 12, reading as follows:

"Section 12. The Legislature may by law provide for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, with power to issue general obligation bonds, revenue bonds, either or both of them, for the purchase, acquisition by the exercise of the power of eminent domain or otherwise, construction, reconstruction, repair or renovation of any airport or airports, landing fields and runways, airport buildings, hangars, facilities, equipment, fixtures, and any and all property, real or personal, necessary to operate, equip and maintain an airport; shall provide for the option by the governing body of the city or cities whose airport facilities are served by certificated airlines and whose facility or some interest therein, is proposed to be or has been acquired by the Authority, to either appoint or elect a Board of Directors of said Authority; if the Directors are appointed such appointment shall be made by the County Commissioners Court after consultation with and consent of the governing body or bodies of such city or cities, and if the Board of Directors is elected they shall be elected by the qualified taxpaying voters of the county which chooses to elect the Directors to represent that county, such Directors shall serve without compensation for a term fixed by the Legislature not to exceed six (6) years, and shall be selected on the basis of the proportionate population of each county based upon the last preceding Federal Census, and shall be a resident or residents of such county; provide that no county shall have less than one (1) member on the Board of Directors; provide for the holding of an election in each county proposing the creation of an Authority to be called by the Commissioners Court or Commissioners Courts, as the case may be, upon petition of five per cent (5%) of the qualified taxpaying voters within the county or counties, said elections to be held on the same day if more than one county is included, provided that no more than one (1) such election may be called in a county until after the expiration of one (1) year; in the event such an election has failed, and thereafter only upon a petition of ten per cent (10%) of the qualified taxpaying voters being presented to the Commissioners Court or Commissioners Courts of the county or counties in which such an election has failed, and in the event that two or more counties vote on the proposition of the creation of an Authority therein, the proposition shall not be deemed to carry unless the majority of the qualified taxpaying voters in each county voting thereon vote in favor thereof; provided, however, that an Airport Authority may be created and be composed of the county or counties that vote in favor of its creation if separate propositions are submitted to the voters of each county so that they may vote for a two or more county Authority or a single county Authority; provide for the appointment by the Board of Directors of an Assessor and Collector of Taxes in the Authority, whether constituted of one or more counties, whose duty it shall be to assess all taxable property, both real and personal, and collect the taxes thereon, based upon the tax rolls approved by the Board of Directors, the tax to be levied not to exceed Seventy-Five Cents (75c) per One Hundred Dollars ($100) assessed valuation of the property, provided, however, that the property of state regulated common carriers required by law to pay a tax upon intangible assets shall not be subject to taxation by the Authority, said taxable property shall be assessed on a valuation not to exceed the market value and shall be equal and uniform throughout the Authority as is otherwise provided by the Constitution; the Legislature shall authorize the purchase or acquisition by the Authority of any existing airport facility publicly owned and financed and served by certificated airlines, in fee or of any interest therein, or to enter into any lease agreement therefor, upon such terms and conditions as may be mutually agreeable to the Authority and the owner of such facilities, or authorize the acquisition of same through the exercise of the power of eminent domain, and in the event of such acquisition, if there are any general obligation bonds that the owner of the publicly owned airport facility has outstanding, the same shall be fully assumed by the Authority and sufficient taxes levied by the Authority to discharge said outstanding indebtedness; and likewise any city or owner that has outstanding revenue bonds where the revenues of the airport have been pledged or said bonds constitute a lien against the airport facilities, the Authority shall assume and discharge all the obligations of the city under the ordinances and bond indentures under which said revenue bonds have been issued and sold. Any city which owns airport facilities not serving certificated airlines which are not purchased or acquired or taken over as herein provided by such Authority, shall have the power to operate the same under the existing laws or as the same may hereafter be amended. Any such Authority when created may be granted the power and authority to promulgate, adopt and enforce appropriate zoning regulations to protect the airport from hazards and obstructions which would interfere with the use of the airport and its facilities for landing and take-off; an additional county or counties may be added to an existing Authority if a petition of five per cent (5%) of the qualified taxpaying voters is filed with and an election is called by the Commissioners Court of the county or counties seeking admission to an Authority and the vote is favorable, then admission may be granted to such county or counties by the Board of Directors of the then existing Authority upon such terms and conditions as they may agree upon and evidenced by a resolution approved by two-thirds (2/3rds) of the then existing Board of Directors, provided, however, the county or counties that may be so added to the then existing Authority shall be given representation on the Board of Directors by adding additional directors in proportion to their population according to the last preceding Federal Census."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars ($100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters."

"AGAINST the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars ($100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election, and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

THE STATE OF TEXAS

TO: Mr. and Mrs. P. Laird, their unknown heirs or devisees, Milton Laird, Rob Laird, Howard Laird, Mrs. Leon Black, Mrs. Robert Harrison, Mrs. L. W. Williams and the unknown heirs or devisees of any of the above named parties, defendants, greeting:

You are hereby commanded to appear before the Honorable District Court, 20th Judicial District of Milam County, Texas, at the Courthouse thereof in Cameron, Texas, by filing a written answer at or before 10:00 o'clock a.m. of the first Monday next after the expiration of forty-two (42) days from the date of the issuance of this citation, same being the 25th day of July, A. D. 1966, to plaintiff's petition filed in said court on the 30th day of September, 1965, in this cause, numbered 15564, on the docket of said court and styled James S. Mahon, Administrator of the Estate of John M. Hefley vs. Mr. P. Laird and wife, or their known and unknown heirs and devisees, defendants.

A brief statement of the nature of this suit is as follows, to wit: This is a suit for partition of the following described real estate, in which the defendants are alleged to hold a one-fourth interest, said property being particularly described as:

A house and tract of land situated in Milam County, Texas, and being all that certain tract or parcel of land a part of the T. J. Chambers League in Milam County, Texas, and containing 23 acres of land. Beginning at the S. W. Corner of Lot No. 1 Hill Land, as described in the partition of the E. M. Tidwell Estate. THENCE N. 45 E. along the south line of lot 1, 425 vrs. to the dividing line between east and west one half; THENCE 45 W. along said dividing line 330 vrs. to the Southeast corner of the Smith 50 acre tract; THENCE South 45, West along Smith's south line 425 vrs. to the west line of lot 1; THENCE S. 45 E. along said west line to the PLACE OF BEGINNING. Save and except, however, one acre deeded to the Baptist Church by deed recorded in Vol. 186 Page 223, Deed Records, Milam County, Texas, and being all the land conveyed to Bob Mathis by J. G. Philen by deed dated the 3rd day of November, 1932, and shown in record in Vol. 207 Page 275 Deed Records of Milam County, Texas, to which record reference is here made for more particular description. All as is more fully shown by plaintiff's petition on file in this suit.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

The officer executing the writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Cameron, Texas, this the 25th day of July, A.D. 1966.

NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 21 proposing an Amendment to Article XVI, Constitution of the State of Texas, relating to the terms of office of directors of conservation and reclamation districts.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Constitution of the State of Texas, be amended by adding a new Section to read as follows:

"Section 30c. (a) The terms of office of persons serving on the governing body of a political subdivision of the State created to further the purposes of Section 52, Article III, or Section 59, Article XVI, of this Constitution, shall never exceed six years.

"(b) Statutory provisions enacted before the first Tuesday after the first Monday in November, 1966, relating to the terms of office of governing bodies of political subdivisions created to further the purposes of Section 52, Article III, or Section 59, Article XVI, are validated, so long as the provisions do not provide for a term of office which exceeds six years."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment changing the maximum term of office of directors of conservation and reclamation districts from two to six years.

"AGAINST the Constitutional Amendment changing the maximum term of office of directors of conservation and reclamation districts from two to six years."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and Laws of this State.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 79 proposing an amendment to Article VIII, Constitution of the State of Texas, by adding Section 1-d to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 1-d to read as follows:

"Section 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. 'Agricultural use' means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

"(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

"(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

"(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

"(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

"(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

"(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

"AGAINST the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the constitution and laws of this state.

NUMBER TEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 65 proposing an Amendment to Section 3-b of Article VII of the Constitution of Texas providing that school taxes theretofore voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by a change in boundaries nor shall bonds voted, but unissued, at the time of such change, be invalidated by such change; authorizing the levy of taxes after such change without further election in the district as changed; providing an exception in the case of the annexation or consolidation of whole districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 3-b of Article VII of the Constitution of Texas be amended to be and read as follows:

"Section 3-b. No tax for the maintenance of public free schools voted in any independent school district and no tax for the maintenance of a junior college voted by a junior college district, nor any bonds voted in any such district, but unissued, shall be abrogated, cancelled or invalidated by change of any kind in the boundaries thereof. After any change in boundaries, the governing body of any such district, without the necessity of an additional election, shall have the power to assess, levy and collect ad valorem taxes on all taxable property within the boundaries of the district as changed, for the purposes of the maintenance of public free schools or the maintenance of a junior college, as the case may be, and the payment of principal of and interest on all bonded indebtedness outstanding against, or attributable, adjusted or allocated to, such district or any territory therein, in the amount, at the rate, or not to exceed the rate, and in the manner authorized in the district prior to the change in its boundaries, and further in accordance with the laws under which all such bonds, respectively, were voted; and such governing body also shall have the power, without the necessity of an additional election, to sell and deliver any unissued bonds voted in the district prior to any such change in boundaries, and to assess, levy and collect ad valorem taxes on all taxable property in the district as changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted. In those instances where the boundaries of any such independent school district are changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinabove authorized may be in the amount or at not to exceed the rate theretofore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 3-b of Article VII of the Constitution of Texas providing that taxes or bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election.

"AGAINST the amendment to Section 3-b of Article VII of the Constitution of Texas providing that taxes or bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective on and after the date of its adoption.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

Child Discipline: Goals, Concerns For Parents

COLLEGE STATION

A frequent concern of parents is how to discipline their children, says Mrs. Patsy R. Yates, Texas A&M University Extension family life education specialist.

Understanding the purpose of discipline makes it easier for parents to choose the kind best when it should be done, the best parents often are concerned about who should do the disciplining, when it should be dne, the best methods to use, and how discipline can best be used for the good of the child.

Mrs. Yates lists five major purposes as guides to parents in making decisions regarding discipline.

1. Discipline helps the child learn right from wrong. Good discipline is not only corrective but it also is a means of guidance, teaching the child what is allowed and what isn't. The child learns through his parents the patterns of behavior which are socially acceptable and others disapproved by society.

2. Discipline helps the child develop a sense of values. He learns the things his parents value and views with disfavor those things which they disapprove. Through this, he learns certain ideals and acceptable ways of striving toward them.

3. Discipline is a means of building character. As the child learns the values and ideals acceptable to his parents, these become part of his character. Discipline helps to guide the child in this growth -- like training a rose to climb a trellis.

4. A child learns internal control through discipline. It helps the child to "build" accepted patterns of behavior into his personality. He learns to act in the way he is taught.

5. Discipline sets standards and boundaries. The child therefore can develop feelings of security and trust within these boundaries. If the discipline is too strict, the child will eigher become cowed or rebellious. If it is too lenient or permissive, he will not learn what is required of him.

In either case, says Mrs. Yates, the child is likely to become insecure since he can't trust his parents to support and guide him in his struggle toward acceptable patterns of behavior.
